

## Zero Conditional:

The **Zero Conditional** is used to express general truths, scientific facts, or situations where one action always leads to another.

### Structure:

- If + present simple, present simple
  - Example: If you heat water to 100 degrees, it boils.

### Examples:

1. If you mix blue and yellow, you get green. (General truth)
2. If you drop an object, it falls to the ground. (Scientific fact)

### Summary Chart:

Structure	Example Sentence
If + present simple, present simple	If you heat ice, it melts.
	If it rains, the ground gets wet.
