

PAST SIMPLE

The **Past Simple** tense is used to describe completed actions or events that happened at a specific point in the past. It is often used with regular verbs by adding "-ed" to the base form of the verb. However, irregular verbs have unique past simple forms.

Here's how it works:

Regular Verbs:

- For regular verbs, simply add "-ed" to the base form of the verb to create the past simple tense.
 - Example with the verb "walk":
 - I **walked** to the store yesterday.

Irregular Verbs:

- Irregular verbs do not follow the "-ed" pattern. They have unique past simple forms that need to be memorized.
 - Example with the irregular verb "go":
 - I **went** to the park yesterday.

Here's a summary chart showing examples of regular and irregular verbs in the past simple tense:

Regular	play	played	She played the piano.
Irregular	go	went	They went to the beach.
