

Phrasal Verbs - Common:

Phrasal verbs are combinations of verbs and one or more particles (prepositions or adverbs) that together have a unique meaning. They can be challenging because their meaning is often not deducible from the individual words.

Examples:

 - *He **brought up** his concerns during the meeting.*
2. **Take off:** To remove clothing or to leave the ground (in the case of a plane).
 - *She **took off** her coat when she entered the warm room.*
3. **Put off:** To postpone or delay something.
 - *They **put off** the meeting until next week.*
4. **Turn on:** To start or activate something.
